Sql Serve
Api Rest
c#

About me

I am currently specializing as a frontend developer in a self-taught way, I feel ready to face new challenges, I like to be honest I currently do not speak English if you give me the opportunity I will do whatever it takes to make it not a problem.

Experiences

Personal practices 2021 full stack
- Using trellor with todo and conventional commits with git github.
- Implement automated deployment with Digital Ocean, Terraform, Docker, Nginx and https domain with autogenerated ssl.
- Design a web with Figma (ui, ux)
- Create an api with Graphql, Nest and Mongodb.
- Create a cms with Graphql and React.
- Create a custom LIGHTBOX with React, Typescript and styled-components.
- Create a web site with Next, Graphql with two languages English, Spanish using i18n.

Mowidev 2020-2021 full stack remote
